Criteria for Slow Learner – Those Students who has obtained less than 45% (Third Division) assumed Slow learners.

2.2.1. Special Program/Activities organized by College for Slow Learner

Activities	Progress
1- Doubt clearing sessions are organized after the regular classes.	1- The morale and confidence of the students improved.
2- Extra attention during the classes to ensure they catch up with fellow students.	2- The students slowly started to interact in the class and participate in discussion.
3- Providing them with notes, study materials and books.	3- Practice of homework and assignments made them perfect.
4- Encouraging them and motivating to interact in classroom discussion.	4- Interaction with the subject teachers made them realize their weakness and their weakness and they worked on it.
5- Subject teacher interact with them in free hours to find about their problems and resolve it,	5- Teachers helped them to find their strengths which made them confident.
6- Home works and assignment are given to them for their practice.	6- Constant support and motivation helped many slow learners to progress in their academic pursuits.
7- After the completion of every topic revision are made.	
8- Slow learner are identified but not earmarked in the class to avoid feeling of discrimination.
